The Charleston Cotton Market.

Saturday being a partial holiday and the foreign intelligence having come to hand during that day, announcing the warlike aspect of European affairs, there appears to have been but little inquiry for Cotton, and we could learn of no transactions.

Augusta Market.

Gold.—The market opened quiet, and brokers began selling at 145@146. After the receipt of the New York news brokers were selling at 150@162, and were buying at 148@150.

Silver—Quiet.

Wilmington Market.

Wilmington Market.

Mobile Market.

Mobile Market.

MOBILE, June 14.—COTTOM.—Nothing done; market flat and prices nominal.

MONETABE AND FINANCIAL.—We hear great complaint of the scarcity of currency on the market, and a consequent embarrassment and depression. The currous condition of affairs in New York—continued rise in gold and failing off in the price of cotton and sterling—is puzzling the brains of our most experienced business men, and is causing a feeling of gloom and distrust about the future.

men, and is causing a feeling of gloom and distrust about the future.

Evon with the steady advance of gold at the North, there has been but little demand here to-day, and most dealers show no disposition to operate at all, but are holding off to await developments. Gold has ruled during the day at a wide range, 141 to 145.

Sterling is dull and nominal. Advices from New York report Southern bills almost entirely unsaleable.

The market for New York sight is dull and flat at % to % premium.

to 14 premium. New Orleans sight par to 34 discount.

#### New Orleans Market.

NEW OBLEANS, June 13.—Corron.—There is some inquiry from the same parties who were in the market yesterday, but the movement is checked by the high pretensions of factors, and thus far we have of but few sales. Last evening we quoted Good Ordinary at 33 to 35c, Low Middling 36 to 38c, and Middling at 40 to 41c. It is, however, difficult to buy even running Strict Low Middling at less than 39 to 40c. Mixed lists are quoted at 36 to 37c.

Middling at less than 39 to 40c. Mixed lists are quoted at 36 to 57c.

BUGAR AND MOLASSES.—There have not been any receipts from the coast since yesterday. The supplies of the production of Louisians are small, but those of Cuba are liberal, and exceed the wants of trade largely. The market continues very dull, and the sales t-day are confined to 26 hids Louisians yellow clarified Sugar at 15%; 16 hids Porto Rico and 50 hids fair Cuba Sugar, to dealers, on private terms. The only sale of Molasses is a lot of 40 hids Cuba at 50c per gallon.

FLOUR.—The market iv very firm, with a light stock and a good demand for the better grades. The sales embrace about 900 bbls, of which 300 on private terms, 100 superfine at \$0.76, 120 choice do at \$14, 50 do at \$14.50 do at \$14.50. 20 very choice do at \$15.25, and 75 do at \$15.62% per bbl.

BACON.—A lot of 10 casks shoulders sold at 16c.
OATS.—The sales embrace about 1600 sacks, of which 135, 325 and 500 at 52%, 286 and 300 at 850 per bushel.
CONN.—The sales thus far embrace \$000 sacks mixed at 80c, 300 at 82%c, 286 and 300 at 85c per bushel.
HAY.—200 bales prime Wentern sold at \$25, and 100 at \$25 per ton.

BTAR CANDLES.—There have been sales during the page.

\$25 per ton.

STAR CANDLES.—There have been sales during the past few days of 1000 boxes 'haeffer's star. The stock is light and the market is firm. We quote 12 oz at 20c, 13 oz at 21c, full weight at 25c per lb.

MONETARY.—Gold opened this morning at 140½, which was the closing rate last evening, but has since sold as low as 140, and as high as 141½. At the First Board the sales included \$10,000 at 140½, \$3000 at 140½, \$3

\$25,000 in two lots at 141, and \$20,000 in two lots at 141½.

Foreign Exchange is firm, some of the banks holding Bierling at 163. A very good private bill for \$1000 sold at 151. In france we notice sales of 20,000 A1 at 3,50...

Domestic Exchange is without any material variation. The banks are checking on New York at ½ to ½ per cent premium—mostly ½. The \$100,000 Boston sight, referred to in our last report, was taken this morning at 5-16.

At the First Board 10 shares Crescent City Bank sold at \$40, and 50 shares Carroliton Railroad at \$17 50. Nothing was reported in Stocks in the open market. \$1200 Louisiana State Bank notes sold at the Brokers' Board at 85% per dollar.

### Memphis Market.

MEMPHIS, June 14.—COTTON—In this branch of the business of the city little is doing. Quotations same as yesterday. Sales light, of middling, at 34 to 35c. The market cannot be said to be on the fall, but is weak at the present rates, the New York market not being encouraging. The cotton season is there considered closed. Receipts decreasing every week, as well as stocks on hand, to such ext-nt indeed, that it is thought spinners may have to import some cotton from England before the new crop. They are beginning too, to understand in New York, that the growing crops will not exceed, at utmost, one and three-fourth millions bales. The demand of Northern spinners, and the rise in gold, should influence or bring about a rise in cotton, quite independent of the rates in Liverpool. The gold market opened this morning at 46% and last sales at 47%c.

## Baltimore Market.

BALTIMORE, June 14.—Coffee.—Nothing doing; quotations for gold nominally unchanged, varying from 16 to 20%c, as to quality, for Rio. Stock 20,000 bags in first hands.

From.—Fresh ground Super and Extra is scarce and firm at \$9.75 for the former, and \$11 to 11.50 for the latter, as to brand. For other descriptions the demand is entirely of a retail character, within our range annexed. We report a sale of 100 bbis Northwestern Extra, choice, at \$11.50. To-day 800 bbis Northwestern fine at \$8.

It is stated that Secre'ary McCulloch's reply to the House resolution calling for information relative to the purchase and sale of Government bonds, and the alleged purchases of gold subsequent to January 1st, will not be ready for several days. A correspondent of the Philadelphia Ledger says that the report will show that upwards of one and a half millions of 10-40 bonds were purchased in open market by the Secretary during the months of January and February last, at an average price of ninety-one cents on the dellar; that a considerable amount of 5-20s were sold, and that exchanges of 7-30s and compound interests were made for 5-20s. The report will also show that not one dellar's worth of gold was bought by the Department during the period specified in the resolution.

The internal revenue receipts for the fiscal year ending June 13, 1866, will reach in the aggregate not less than \$310,000,000. From customs they will reach \$100,000,000, and from miscellaneous sources \$25,000,000, at least \$500,000,000.

# A TRI-WEEKI

Many of our friends have speken and written to us concerning the publication of a Tri-Weekly. We have thought of doing this for some time, but owing to the general disarrangement of postal affairs, we have concluded not to do so until the commencement of next season.

On the first of September we will commence to publish a country edition of THE NEWS, and t shall be our aim to make the paper the best ever issued in this State. We intend introducing entirely new features in this enterprise; it will not be a summary of the daily, but will be complete and original in itself, and we are certain that its patrons will be as well pleased with it as are our present patrons pleased with the daily.
